Who can become a member?

- Parents and other educators
- Professional organisations (pre-school, day-care centre, host parents).

How can I become a member?

- Come to the speel-o-theek when it is open and fill out a form.
- Pay the fee: cash or by card. You will then be given a membership number so that you can start to borrow toys immediately.
- Your membership card will be ready after about 3 weeks. You will always have to show this card when you come to borrow the toys.

What does it cost?

- Check our fees on the website <https://speelothekhoofddorp.nl/lid-woorden/>.
- The subscription fee is determined each year.
- A new member will need to pay the entry fee only once.
- A family membership is valid for 12 months. You will also pay a borrowing fee per toy.
- A clip-card has 20 clips and is valid for 3 years. Each toy you borrow will cost 1 clip and the borrowing fee per toy. You can buy 20 new clips when you have used them all up.
- You can change your clip-card into a family membership (or the other way round). You will not have to pay the entry fee again.
- For professional organisations, the membership fee is twice the amount of a family membership, since the toys are used more intensively.

What can I borrow?

In case of a family membership:

- Per child: 3 toys of different labels.
- Extra per family membership: 2 toys of the label G (board games).
- You borrow the toys for 3 weeks. Sometimes this is shorter. If so, this will be indicated on the toy and on the print that you receive to take home.

In case of a clip card:

- A maximum of 6 toys at once. Preferably of different labels.
- You can keep the toys at home for 3 weeks. Sometimes this is shorter. If so, this will be indicated on the toy and on the print that you receive to take home.

In case of a special needs child:

- You can keep the toys at home for 6 weeks. All of the other rules are the same.

How does the borrowing work?

- The speel-o-theek makes sure the toys are safe to play with.
- Children should select the toys together with an accompanying adult.
- The adult is responsible for the child and its surroundings while borrowing.
- We would like you to select toys that fit the child's development.
- You must check the toys before you take them home. Is everything in order and whole? Please tell us if it isn't.
- You will get a print to take with you. It shows the date on which you have to return the toy(s). You can always bring toys back sooner. The print also states whether a part was already missing or broken. You are not held responsible for that.

How does returning the toys work?

- Check at home whether the toy is still intact, complete and clean.
- Use the print and take it with you when you come to return the toys to the speel-o-theek.
- Protect the toys well when you transport them.
- Please tell us if something is lost or broken.
- We will check and count the toys when you return them.

How does it work if something's missing or broken?

- You have to pay a fee per missing part. But we will reimburse you when you are able to return it. You will however need to return it within 6 months.
- Toys that are completely lost or broken must be paid for. The toy workgroup will let you know how much you will have to pay.
